

# Accessing Previous GCI Goals

When setting goals, it can be helpful to see what your past goals were so you can create the right goal for you. You can access your previous Engage GCI Goals at any time so you can keep yourself on track to continue growing your business.

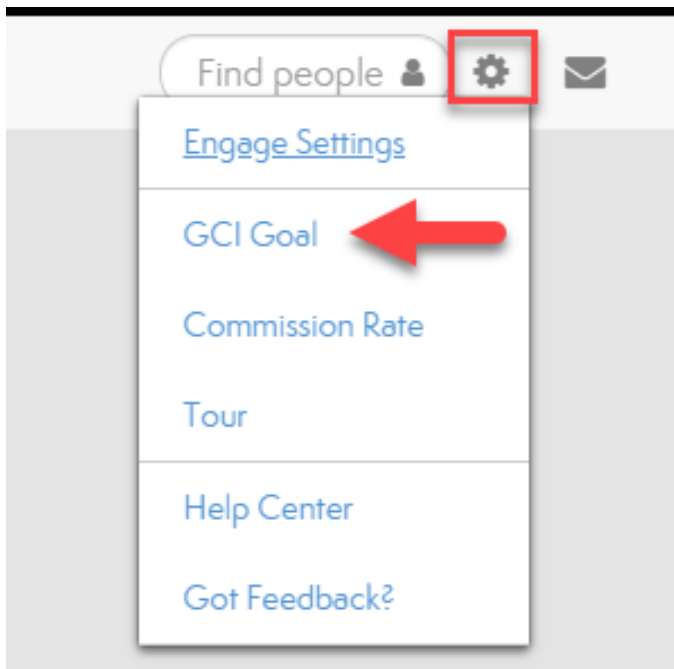

**Note:** If you are new to Engage, you will not have past goals to view, only the previous year of closed transactions will be available.

## Accessing Previous GCI Goals

1. From your **Engage Dashboard**, select **Goals** (see below).

2. Select the **Gear** icon in the top right and choose **GCI Goal** from the drop-down (see below).

3. Choose which past goal you would like to see if there is more than one and select **View** (see below).

## GCI Goals ✕

Enter a goal for yourself and we'll help you reach it.

2020		\$ 2000000	
			<a href="#">Use 2019 value</a>
2019	✓	\$ 2000000	
2018	<a href="#">View &gt;</a>		\$1,000,000
2017	<a href="#">View &gt;</a>

[what's a GCI Forecast Goal?](#)

4. You will be taken to a new page that reflects the GCI Goal from your chosen year. On the top of the page, you will see a note stating that you are viewing the goals for a previous year.
5. To navigate back to your current goal, select the **Link** in Go back to your (current year) goal (see below).

Just so you're aware, you are viewing your goals for 2018. Go back to your [2019 goal](#)
