

Moxi Present/TouchCMA INRIX Drive Time™

According to the National Association of REALTORS®, 73% of all home buyers consider commute time to be a key buying criterion. Now with INRIX® Drive Time, Moxi Present/TouchCMA users can show their clients how long it will take them to commute to and from work at any hour. To add INRIX® Drive Time:

1. Scroll to the bottom of the Subject Property Screen (see below).

INRIX Drive Time™ (optional) 🚗

Adding your client's work address will allow the INRIX Drive Time™ chart to display within the listing details view for each individual search result and comp.

Client Commute Address

815 western ave

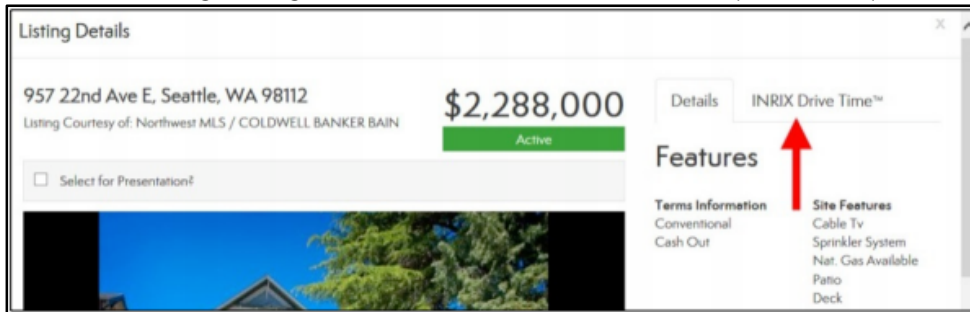

seattle wa 98023

Set Location

Map data ©2016 Google Terms of Use Report a map error.

Click and drag the star to change map location.

2. Enter in your client's work address (see above, circled in red).
 - a. NOTE: if you do not see the map to the right, be sure to include the complete Commute Address and click Set Location (see above, circled in blue)
3. This will then add the Drive Time chart to the listing detail for properties on the Search Screen and to selected Comps (see below)
 - a. When viewing Listing Details, click INRIX Drive Time™ (see below).

- b. This will show you the INRIX Drive Time™ chart.
