

Moxi Present: Draw on Map

The Draw on Map feature is a way of setting your own search boundaries when buying a listing.

1. If you have a specific search area in mind, select the On button next to Draw (see below, indicated by red arrow).

- a. This option will allow you to draw a specific area on the map, and only Comps within this area will be displayed as results.
2. The Map will update automatically.
 3. Select the Comps you would like to include in your presentation.

Select **Continue** to go to the Comps Screen
