

PDF Headers and Footers

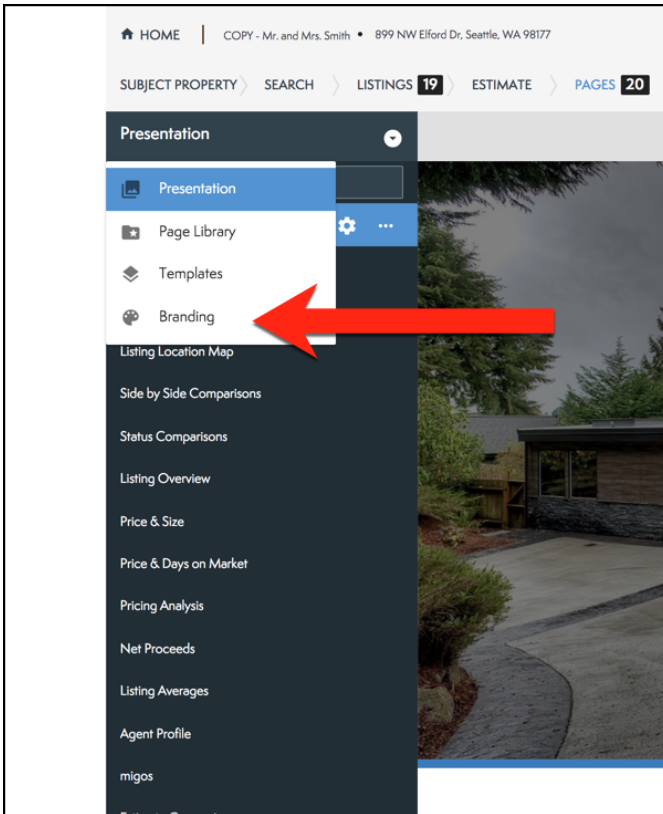

You can print your presentations in a sleek and uniform design. In those presentations you have a number of options for headers and footers in your presentation! Follow the instructions below and learn how to set your headers and footers in your PDF presentations!

How to set up your PDF headers and footers.

1. From the Pages tab in your presentation, select the Presentation drop down menu.

2. Select the **Branding** tab.

3. On the left you will see all of the Headers and Footers you can select for your PDF presentation (Circled below).
4. Once you select a header or footer, select **Apply** (See red arrow below).
