

# Restoring People in Moxi Engage

If you have removed some people in Moxi Engage, you may wish to restore them to the Sales Flow. Restoring a contact will reconnect any notes, history, and transactions. You can then resubscribe them to Neighborhood News and Listing Announcements.

1. Select the **Gear** at the top right corner of the screen then choose **Manage Removed**.

2. Select **Restore** next to each name you would like to add back to your Sales Flow.

3. Select **Done** when finished.
