

Accessing Your Agent Website

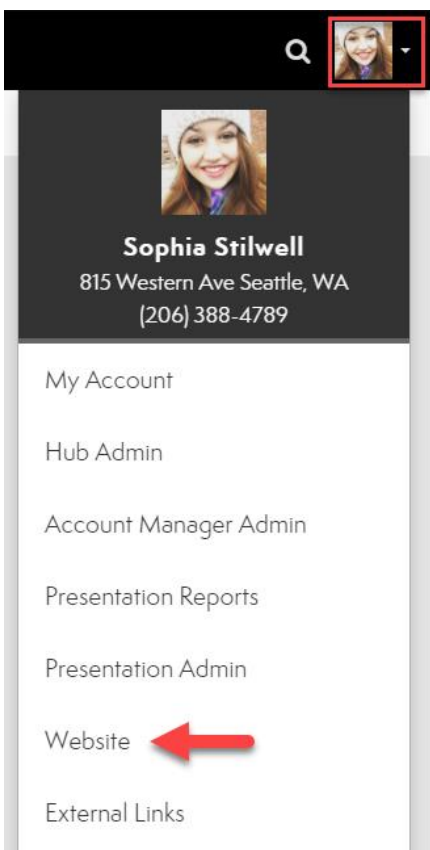

Depending on your Brokerage, your website can be accessed on your MoxiWorks account in one of two places. Check out the article below to learn where you can access your website admin tool and begin creating your website.

Accessing Your Agent Website

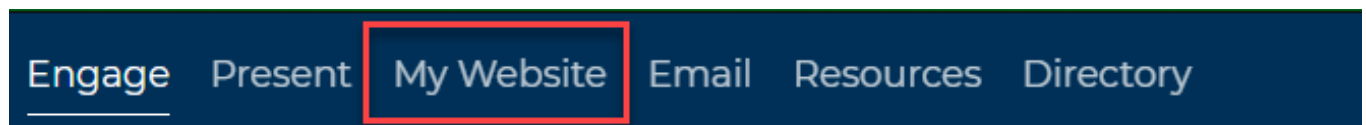

1. Select on **your picture** in the top right corner of your screen.

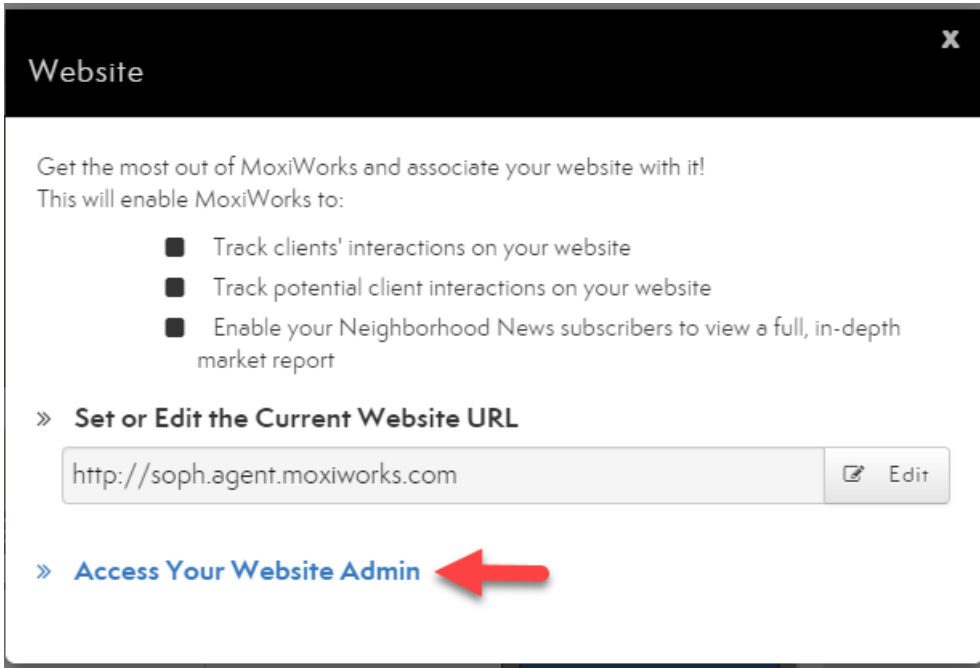

2. Choose **Website** from the drop-down.

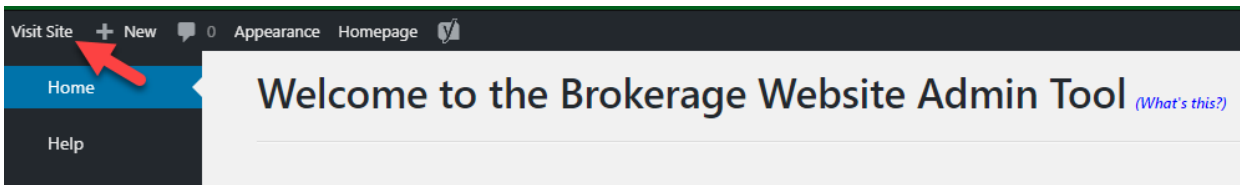

- a. **Note:** You may see a button on your navigation bar that says **My Website** or **Website**. This means your brokerage has chosen to add this button to your navigation bar and you can access your Website Admin Tool by choosing this button.

3. Select **Access Your Website Admin** to launch your Admin Tool.

4. To view your site, select **Visit Site** in the top left.

5. To return to your Admin Tool, choose **Admin Home** in the top left.
