

Setting Neighborhood News Unsubscribed Email Notification Preferences

By default, you will receive an email when any of your contacts unsubscribe from Neighborhood News. You can manage these preferences at any time to stop or start these notification emails.

Setting Neighborhood News Unsubscribed Email Notification Preferences

1. Select the **Gear icon** in the top right and select **Engage Settings** from the drop-down (see below).

2. Select **Emails** from the Preferences side navigation under Notifications (see below).

3. Select the **On or Off** button to update your Email Notification preferences as needed. Your changes will be saved automatically (see below).

Keep track of everything going on with your people through email notifications.
